

Play bowling with us

Participants divided into groups play bowling. Numbers will be attached to the bowling pins. The numbers will be assigned word games in Polish, which the participant will have to read after knocking down the bowling pin. There will be a candy prize for correctly reading the phrase in Polish and guessing its meaning (equivalent in English).

Play Jenga with us

Participants will be divided into groups. There is no traditional scoring system in Jenga. The aim of the game is not to score points, but to avoid toppling the tower. Each group takes turns carefully pulling one block from the tower and placing it on top of the tower, making the structure taller and more unstable with each round. The game continues until the tower collapses. The group that causes it to fall loses, and the rest win. There are no points-it's all about how well you can keep the tower balanced. The group that doesn't collapse the tower wins.

Prize: gadget/candy provided.
