§ 2

1. The Rector's Committee for the Assurance of Learning (AoL) System is an advisory and consultative body to the Rector of the Wrocław University of Economics and Business with regard to the operation and development of the Assurance of Learning system, which constitutes an element of the University's system for assuring and improving the quality of education. The Committee operates at the University-wide level and supports the coordination of activities related to monitoring the achievement of graduate competencies and using the results of analyses to improve degree programs.

2. The responsibilities of the Committee shall include, in particular:
 1. coordinating the operation of the Assurance of Learning system at the University level, including monitoring the alignment between the University's mission, graduate competencies, learning outcomes, and the process of their assessment and the improvement of degree programs;
 2. overseeing the implementation and development of the AoL system, including initiating and supporting activities related to its pilot implementation, further development, and integration with the Internal Quality Assurance System for Education;
 3. monitoring the process of assessing students' competencies, in particular the application of common competency assessment tools, such as rubrics, and analyzing the results of assessments conducted within degree programs;
 4. supporting the process of analyzing AoL results and formulating improvement actions, including identifying areas requiring enhancement in degree programs, teaching methods, and methods for verifying learning outcomes;
 5. initiating and supporting activities aimed at developing the teaching competencies of academic staff, in particular through the organization of training sessions, seminars, workshops, and other forms of exchange of experience related to the design of learning outcomes, methods of competency assessment, and improvement of the quality of education;
 6. supporting the development of tools and organizational solutions facilitating the AoL system, including IT solutions and materials supporting academic staff in designing and assessing learning outcomes;
 7. initiating and supporting analytical activities concerning degree programs, in particular the review of learning outcomes, syllabi, learning outcome matrices, and the alignment between graduate competencies, learning outcomes, and methods used for their assessment;
 8. supporting the development of a culture of quality in education at the University, including disseminating knowledge about the AoL system, good teaching practices, and the importance of systematic monitoring of learning outcomes;
 9. cooperating with University units responsible for the quality of education, administration of teaching activities, and development of degree programs, in particular with regard to collecting and analyzing data concerning learning outcomes and preparing materials for quality assessment and accreditation processes;

10. supporting the preparation of materials and analyses concerning the quality of education for national and international accreditation processes, in particular with regard to the Assurance of Learning system.

§ 3

The Committee is appointed for the period from 17 March 2026 to 31 August 2028.

§ 4

This Regulation shall enter into force on the date of its signature.

Rector

Professor Czesław Zając
